- s) In compliance with the MCA Circulars and SEBI Circular, Notice of the AGM along with the Annual Report 2022- 23 is being sent only through electronic mode to those Members whose email addresses are registered with the Company/Depositories.
- t) **Remote E-Voting**
In compliance with the provisions of Section 108 of the Act and the Rules framed thereunder, the Members are provided with the facility to cast their vote electronically, through the remote e-voting services provided by Central Depository Services (India) Limited (CDSL) on all the resolutions set forth in the Notice.

u) Voting Results

- i. The voting rights of members shall be in proportion to their shares of the paid up Equity Share Capital of the Company (i.e. One Vote for Every One Share held).
- ii. The Company has appointed M/s. Priti J Sheth & Associates, Practicing Company Secretaries, to act as the scrutinizer.
- iii. The Scrutinizer shall, immediately after the conclusion of voting at AGM, count the votes cast at AGM, thereafter unblock the votes cast through remote e-voting in the presence of at least two witnesses not in the employment of the Company and make, not later than three days of conclusion of the AGM, a consolidated scrutinizer's report of the total votes cast in favour or against, if any, to the Chairman or a person authorised by him in writing who shall countersign the same.
- iv. The result declared along with the scrutinizer's report shall be placed on the notice board at the registered office of the Company and on the website of the Company. The Company shall also forward the results to BSE Limited, where the shares of the Company are listed.

THE INSTRUCTIONS FOR SHAREHOLDERS FOR REMOTE E-VOTING AND E-VOTING DURING AGM AND JOINING MEETING THROUGH VC/OAVM ARE AS UNDER:

Step 1 : Access through Depositories CDSL/NSDL e-Voting system in case of individual shareholders holding shares in demat mode.

Step 2 : Access through CDSL e-Voting system in case of shareholders holding shares in physical mode and non-individual shareholders in demat mode.

- i. The voting period begins on Sunday, 24th September, 2023 at 09:00 a.m. and ends on Tuesday, 26th September, 2023 at 5:00 p.m. During this period shareholders' of the Company, holding shares either in physical form or in dematerialized form, as on the cut-off date 20th September, 2023 may cast their vote electronically. The e-voting module shall be disabled by CDSL for voting thereafter.
- ii. Shareholders who have already voted prior to the meeting date would not be entitled to vote at the meeting venue.
- iii. Pursuant to SEBI Circular No. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated 09.12.2020, under Regulation 44 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, listed entities are required to provide remote e-voting facility to its shareholders, in respect of all shareholders' resolutions. However, it has been observed that the participation by the public non-institutional shareholders/retail shareholders is at a negligible level.

Currently, there are multiple e-voting service providers (ESPs) providing e-voting facility to listed entities in India. This necessitates registration on various ESPs and maintenance of multiple user IDs and passwords by the shareholders.

In order to increase the efficiency of the voting process, pursuant to a public consultation, it has been decided to enable e-voting to all the demat account holders, by way of a single login credential, through their demat accounts/ websites of Depositories/ Depository Participants. Demat account holders would be able to cast their vote without having to register again with the ESPs, thereby, not only facilitating seamless authentication but also enhancing ease and convenience of participating in e-voting process.

- iv. In terms of SEBI circular no. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated December 9, 2020 on e-Voting facility provided by Listed Companies, Individual shareholders holding securities in demat mode are allowed to vote through their demat account maintained with Depositories and Depository Participants. Shareholders are advised to update their mobile number and email Id in their demat accounts in order to access e-Voting facility.

MANAGEMENT DISCUSSION AND ANALYSIS REPORT

The Indian economy retained its tag of the fastest growing major economy in the world in 2022-23.

Financial year 2023 began on a mixed note. On the positive side, after wreaking havoc for almost two years, the impact of the COVID-19 pandemic on lives and livelihoods started receding. This was aided by a mass immunisation programme and the advent of a less virulent variant called omicron. However, the flip side was the impact of inflationary trends, supply chain disruptions emanating from China, and the start of the Russia-Ukraine conflict impacting commodity prices.

In FY2023, the Indian economy faced multiple challenges. The country's retail inflation indicator, consumer price inflation (CPI) inched above the RBI's tolerance range in January 2022. It remained above the target range for almost twelve months before retracting within the upper tolerance of 6% in November 2022. Rising international crude prices coupled with domestic weather conditions like excessive heat and unseasonal rains kept food prices high, fuelling retail inflation. The Government cut excise and customs duties and restricted exports to cool off inflation. The RBI, like other central banks, raised the monetary policy rates and reduced excess systemic liquidity. Major areas of concern for the economy were elevated commodity prices leading to a depreciation of the Indian rupee, higher retail inflation (both core and food inflation) leading to the RBI raising interest rates and rationalising systemic liquidity, and a rising current account deficit (CAD).

However, despite these critical challenges, India emerged as the fastest growing major economy in the world. The second advance estimate of national income released by the central statistics office (CSO) on 28 February 2023 expects real GDP growth in FY2023 to be 7.0%.

The Government of India announced a growth oriented and expansionary budget for the FY2024. It has tried to strike balance between fiscal consolidation and growth by continuing its focus on capital expenditure and creating fiscal space for that by curtailing revenue expenditure. It has set a target of reducing the central government's fiscal deficit to 5.9% of the GDP in FY2024 from 6.4% (revised estimate or RE) in FY2023, while using the infrastructure capex tool to support the economy. The Government has budgeted for H 10 trillion towards capital expenditure for FY2024, an increase of 33% year-on-year.

On balance, we believe that the Indian economy has weathered the external shocks reasonably well. The proof of it is that the country has emerged as the fastest growing major economy in the world.

The calendar year 2023 began on a promising note with improved supply conditions, resilient economic activity, and some degree of stability in financial markets. In just a few weeks of March 2023 the sentiment changed as fresh headwinds emerged from the banking sector turmoil in some advanced economies. Bank failures in the USA and Switzerland with their contagion risks came to the forefront. However, the banking and non-banking financial services sector in India remained healthy and evolved in an orderly manner.

The general expectation is that India's GDP for FY2024 would record a growth in excess of 6%. Of course, much depends on a normal rainfall in the coming year. The risk of monsoon falling below normal levels (after four consecutive years of normal rainfall) remains a wildcard and could hit agricultural production and impact food prices.

NBFCs have become important constituents of India's financial sector and have been recording higher credit growth than scheduled commercial banks (SCBs) over the past few years. NBFCs continue to leverage their superior understanding of regional dynamics and customised products and services to

expedite financial inclusion in India. Lower transaction costs, innovative products, quick decision making, customer orientation and prompt service standards have typically differentiated NBFCs from banks. Considering the reach and expanse of NBFCs, these are well-suited to bridge the financing gap in a large country like India. Systemically important NBFCs have demonstrated agility, innovation and frugality to provide formal financial services to millions of Indians.

In recent years as the impact of the second COVID-19 wave waned and the third wave turned out to be short lived, the NBFC sector regained momentum, cushioned by proactive policy measures announced by the RBI and the Government. The economic survey has observed that credit extended by NBFCs is picking up momentum, with the aggregate outstanding amount at H 31.5 trillion as on September 2022. NBFCs continued to deploy the largest quantum of credit to the industrial sector, followed by retail, services, and agriculture. Loans to the services sector (share in outstanding credit being 14.7%) and personal loans (share of 29.5%) registered a double-digit growth.

Given the increasing importance of NBFCs, the RBI, in the last few years, has increased its regulatory oversight over the sector. Multiple guidelines such as (i) vigil over asset-liability management practices, (ii) maintaining liquidity ratios, (iii) increased reporting requirements, and (iv) scale-based regulation, have led to NBFCs adopting practices in line with banks. The regulatory vigil is based on four key cornerstones of: (i) responsible financial innovation, (ii) accountable conduct, (iii) responsible governance, and (iv) centrality of the customer.

The recently adopted changes to the finance bill withdrawing exemptions on long term capital gains to investors in debt mutual funds is estimated to have minimal impact on the NBFC sector given limited exposure of mutual funds in long term papers of NBFCs.

INDEPENDENT AUDITOR'S REPORT

To
The Members of Avasara Finance Limited
Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying Financial Statements of Avasara Finance Limited ("the Company") (formerly known as TRC Financial Services Limited), which comprises the Balance Sheet as at March 31, 2023, the Statement of Profit and Loss, the Cash Flow Statement for the year then ended and notes to financial statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "Financial Statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Accounting Standards generally accepted in India, of the state of affairs of the Company as at March 31, 2023, its loss and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Emphasis of Matter

As mentioned in Note 24 of the financial statements, the Company has accumulated losses of Rs. 276.24 Lakhs resulting in significant erosion of the net worth of the Company. The financial statements of the Company have been prepared on a going concern basis for the reasons stated in the note 24 to the statement. The validity of going concern assumption would depend upon the performance of the company as per its future business plan. Our opinion is not qualified in respect of this matter.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Ind AS financial statements of the current period. These matters were addressed in the context of our audit of the Ind AS financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Information other than the financial statements and Auditor's report thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Annual Report, but does not include the financial statements and our auditor's report thereon. The Annual report is expected to be made available to us after the date of this auditor's report.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards prescribed under Section 133 of the Act.

This responsibility also includes maintenance of adequate accounting records in accordance with the provision of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- i. Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- ii. Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- iii. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- iv. Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- v. Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the "**Annexure A**", a statement on the matters specified in the paragraph 3 and 4 of the Order.
2. As required by Section 143 (3) of the Act, we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - c) The Balance Sheet, the Statement of Profit and Loss and the Cash Flow Statement dealt with by this Report are in agreement with the books of account.
 - d) In our opinion, the afore said financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
 - e) On the basis of the written representations received from the directors as on March 31, 2023 and taken on record by the Board of Directors, none of the directors are disqualified as on March 31, 2023 from being appointed as a director in terms of Section 164(2) of the Act.
With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate report in "**Annexure B**";

ANNEXURE B TO THE INDEPENDENT AUDITOR'S REPORT

Referred to in Para 2 (f) 'Report on Other Legal and Regulatory Requirements' in our Independent Auditor's Report to the members of the Company on the financial statements for the year ended March 31, 2023.

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Avasara Finance Limited ("the Company") as of March 31, 2023 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness.

Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the

assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2023, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India"

Notes forming part of the financial statements

1 Avasara Finance Limited (Formally known as TRC Financial Services Ltd.) (Avasara) was originally incorporated as TRC Financial and Management Services Pvt. Ltd on May 24, 1994. The Company was converted into Public Limited Company during the year and accordingly its name was changed as TRC Financial and Management Services Limited. On 8th November 1994, the name of the Company was changed to TRC Financial Services Limited, subsequently on 12th January 2022 the name of Company was changed to Avasara Finance Limited. The Company having registered office in Mumbai, India. The Company is

2 **SIGNIFICANT ACCOUNTING POLICIES**

This note provides a list of the significant accounting policies adopted in the preparation of these financial statements. These policies have been consistently applied to all the years presented, unless otherwise stated.

(I) Basis of Accounting and Preparation of Financial Statements

(i) Compliance with Ind AS

The financial statements ("financial statements") comply in all material aspects with Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013 (the Act) [Companies (Indian Accounting Standards) Rules, 2015] as amended, and other relevant provisions of the Act.

The Company follows the guidelines issued by the Reserve Bank of India (RBI) as applicable to a Non Banking Finance Company.

(ii) Historical cost convention

The financial statements have been prepared on a historical cost basis, except certain financial assets and liabilities that are measured at fair value

(I-A) Current / Non-current classification of assets / liabilities

The Company has classified all its assets / liabilities into current / noncurrent based on the time frame of 12 months from the date of financial statements. Accordingly, assets/liabilities expected to be realised /settled within 12 months from the date of financial statements are classified as current and other assets/ liabilities are classified as non current.

(II) Cash and cash equivalents

Cash comprises cash on hand and demand deposits with banks. Cash equivalents are short term balances (with an original maturity of three months or less from the date of acquisition), highly liquid investments that are readily convertible into known amounts of cash which are subject to insignificant risks of changes in value.

Cash and cash equivalent in the Balance Sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to insignificant risk of changes in value. Bank borrowings are generally considered to be financing activities. However, where bank overdrafts which are repayable on demand form an integral part of an entity's cash management, bank overdrafts are included as a component of cash and cash equivalents. A characteristic of such banking arrangements is that the bank balance often fluctuates from being positive to overdrawn.

(III) Cash flow statement

Cash flows are reported using the indirect method, whereby profit/(loss) before extraordinary items and tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flow from operating, investing and financing activities of the Company are segregated based on the available information.

(IV) Taxes on income

Income tax expense represents the sum of the tax currently payable and deferred tax.

a) Current tax

The tax currently payable is based on taxable profit for the year. Taxable profit differs from 'profit before tax' as reported in the standalone statement of profit and loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Company's current tax is calculated using tax rates that have been enacted and are applicable as at the end of the reporting period.

b) Deferred tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Such deferred tax assets and liabilities are not recognised if the temporary difference arises from the initial recognition of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

c) Current and deferred tax for the year

Current and deferred tax are recognised in the Statement of profit and loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively.

(V) Revenue Recognition

The Company mainly derives income from consultancy services.

Revenue is recognized upon transfer of control of promised products or services to customers in an amount that reflects the consideration the Company expects to receive in exchange for those products or services. To recognize revenue, the Company applies the following five step approach: (1) identify the contract with a customer, (2) identify the performance obligations in the contract, (3) determine the transaction price, (4) allocate the transaction price to the performance obligations in the contract, and (5) recognize revenues when a performance obligation is satisfied.

The method for recognizing revenues depends on the nature of the services rendered:

A. Fixed-price consultancy contracts

Revenue from fixed-price contracts, where the performance obligations are satisfied over time, are recognized ratably over the period since the Company has a stand ready obligation to provide service over the period of the contract.

B. Commission income:

The Company earns commission income as a percentage of loan sanctioned to the customers. The performance obligation is satisfied at the point in time when the customer derives benefit, hence the Company recognises commission income as revenue when the loan is sanctioned to the customer.

C. Interest income:

Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

D. Dividend income:

Income from dividend is accounted as and when such dividend has been declared and the Company's right to receive payment is established.

(VI) Earnings per share

Basic earnings per share is computed by dividing the profit / (loss) after tax by the weighted average number of equity shares outstanding during the year. Diluted earnings per share is computed by dividing the profit / (loss) after tax as adjusted for dividend, interest and other charges to expense or income relating to the dilutive potential equity shares, by the weighted average number of equity shares considered for deriving basic earnings per share and the weighted average number of equity shares which could have been issued on the conversion of all dilutive potential equity shares.

(VII) Provisions and contingencies

A provision is recognised when the Company has a present obligation as a result of past events and it is probable that an outflow of resources will be required to settle the obligation in respect of which a reliable estimate can be made. Provisions (excluding retirement benefits) are not discounted to their present value and are determined based on the best estimate required to settle the obligation at the Balance Sheet date. These are reviewed at each Balance Sheet date and adjusted to reflect the current best estimates. Contingent liabilities are disclosed in the Notes.

(VIII) Financial Instruments

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instruments.

Initial recognition and measurement:

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in statement of profit and loss.

Subsequent measurement:

Financial assets at amortised cost-

Financial assets are subsequently measured at amortised cost if these financial assets are held within a business model whose objective is to hold these assets in order to collect contractual cash flows and contractual terms of financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial Assets at fair value through other comprehensive Income:

Financial assets are measured at fair value through other comprehensive income ('FVTOCI') if these financial assets are held within business model whose objective is achieved by both collecting contractual cash flows on specified dates that are solely payments of principal and interest on the principal amount outstanding and selling financial assets.

Financial Assets at fair value through profit or loss:

Financial assets are measured at fair value through profit or loss ('FVTPL') unless it is measured at amortised cost or fair value through other comprehensive income on initial recognition. The transaction cost directly attributable to the acquisition of financial assets and liabilities at fair value through profit or loss are immediately recognised in the statement of profit and loss.

Impairment- Financial assets

Expected Credit Loss (ECL) has been estimated on the loan commitments and investments measured at AC (Amortised Cost) & FVOCI (Fair Value through Other Comprehensive Income) portfolio of the Company. The portfolios have been divided into 3 stages based on the Staging rules defined subsequently. ECL has been separately estimated for each stage.

The loan portfolio of the Company consists of advances given to individuals and corporates. The tenure of the advance is 365 days or less. Staging rules set have been applied to the product categories to bucket them into either Stage 1, Stage 2 or Stage 3.

Stages	Days Past Due	ECL
Stage 1	Upto 30 Days	12- Month ECL
Stage 2	30- 90 Days	Lifetime ECL
Stage 3	90+ Days	Lifetime ECL

The primary risk components applied for estimation of ECL are Probability of Default (PD), Loss Given Default (LGD) and Exposure at Default (EAD). ECL is estimated as a multiple of PD, LGD and EAD for each of the product sub categories.

i. The PD provides an estimate of the likelihood that a borrower will be unable to meet his debt obligations. PD may be applied at a rating grade for corporate borrowers or for a pool of accounts showing similar behavioral and risk characteristics.

ii. The EAD is the total receivables that the Company is exposed to at the time of an account's default.

iii. LGD is usually shown as the percentage of EAD that the Company might lose in case the borrower defaults. It depends, among others, on the type and amount of collateral, collection mechanism existing in the Company and the expected proceeds from a work out (e.g. recovery from sale of collaterals/securities or otherwise) of the assets.

Definition of default

All accounts greater than 90 days past due are considered as default accounts.

Significant increase in credit risk

The Company monitors all financial assets, issued loan commitments that are subject to the impairment requirements to assess whether there has been a significant increase in credit risk since initial recognition. If there has been a significant increase in credit risk the Company will measure the loss allowance based on lifetime rather than 12-month ECL. The Company's accounting policy is to use the practical expedient that financial assets with 'low' credit risk at the reporting date are deemed not to have had a significant increase in credit risk.

In assessing whether the credit risk on a financial instrument has increased significantly since initial recognition, the Company compares the risk of a default occurring on the financial instrument at the reporting date based on the remaining maturity of the instrument with the risk of a default occurring that was anticipated for the remaining maturity at the current reporting date when the financial instrument was first recognised. In making this assessment, the Company considers both quantitative and qualitative information that is reasonable and supportable, including historical experience and forward-looking information that is available without undue cost or effort, based on the Company's historical experience and expert credit assessment

Write-off

Presentation of allowance for ECL in the statement of financial position

Loss allowances for ECL are presented in the statement of financial position as follows:

- for financial assets measured at amortised cost: as a deduction from the gross carrying amount of the assets;
- for financial assets measured at FVTOCI: no loss allowance is recognised in the statement of financial position as the carrying amount is at fair value. However, the loss allowance is included as part of the revaluation amount in the investments revaluation reserve;

Derecognition of financial assets

The Company derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party.

On derecognition of a financial asset in its entirety, the difference between the asset's carrying amount and the sum of the consideration received and receivable and the cumulative gain or loss that had been recognised in other comprehensive income and accumulated in equity is recognised in statement of profit and loss if such gain or loss would have otherwise been recognised in statement of profit and loss on disposal of that financial asset.

Foreign exchange gains and losses

The fair value of financial assets denominated in a foreign currency is determined in that foreign currency and translated at the spot rate at the end of each reporting period.

For foreign currency denominated financial assets that are measured at amortised cost and FVTPL, the exchange difference are recognised in profit or loss.

Equity Instrument

An equity instrument is a contract that evidences residual interest in the assets of the Company after deducting all of its liabilities. Equity instruments recognised by the Company are recognised at the proceeds received net off direct issue cost.

Financial liabilities

All financial liabilities are subsequently measured at amortised cost using the effective interest method or at FVTPL.

Financial liabilities subsequently measured at amortised cost

Financial liabilities that are not held-for-trading and are not designated as at FVTPL are measured at amortised cost at the end of subsequent accounting periods. The carrying amounts of financial liabilities that are subsequently measured at amortised cost are determined based on the effective interest method.

The effective interest method is a method of calculating the amortised cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial liability, or (where appropriate) a shorter period, to the net carrying amount on initial recognition.

Foreign exchange gains and losses

For financial liabilities that are denominated in a foreign currency and are measured at amortised cost at the end of each reporting period, the foreign exchange gains and losses are determined based on the amortised cost of the instruments and are recognised in 'Other income'.

The fair value of financial liabilities denominated in a foreign currency is determined in that foreign currency and translated at the spot rate at the end of the reporting period. For financial liabilities that are measured as at FVTPL, the foreign exchange component forms part of the fair value gains or losses and is recognised in profit or loss.

Derecognition of financial liabilities

The Company derecognises financial liabilities when, and only when, the Company's obligations are discharged, cancelled or have expired. The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable is recognised in statement of profit and loss.

(IX) Impairment- Non-financial assets

At the end of each reporting period, the Company reviews the carrying amounts of its tangible and intangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). When it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash-generating unit to which the asset belongs. When a reasonable and consistent basis of allocation can be identified, corporate assets are also allocated to individual cash-generating units, or otherwise they are allocated to the smallest Company of cash-generating units for which a reasonable and consistent allocation basis can be identified.

Recoverable amount is the higher of fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

(X) Operating cycle

Based on the nature of products / activities of the Company and the normal time between acquisition of assets and their realisation in cash or cash equivalents, the Company has determined its operating cycle as twelve months for the purpose of classification of its assets and liabilities as current and non-current.

(XI) Segment reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker.

The board of directors of the Company assesses the financial performance and position of the Company, and makes strategic decisions. The board of directors, has been identified as the chief operating decision maker ('CODM').

(XII) Critical judgments in applying the Company's accounting policies

The following are the critical judgments that the management have made in the process of applying the Company's accounting policies.

- Business model assessment: Classification and measurement of financial assets depends on the results of the Solely Payments of Principle and Interest (SPPI) and the business model test (please see financial assets sections of note 1). The Company determines the business model at a level that reflects how Company's financial assets are managed together to achieve a particular business objective.
- Significant increase of credit risk: Expected Credit Loss (ECL) are measured as an allowance equal to 12-month ECL for stage 1 assets, or lifetime ECL assets for stage 2 or stage 3 assets. An asset moves to stage 2 when its credit risk has increased significantly since initial recognition. Ind AS 109 does not define what constitutes a significant increase in credit risk. In assessing whether the credit risk of an asset has significantly increased the Company takes into account qualitative and quantitative reasonable and supportable forward looking information.
- Probability of default: PD constitutes a key input in measuring ECL. PD is an estimate of the likelihood of default over a given time horizon, the calculation of which includes historical data, assumptions and expectations of future conditions.
- Loss Given Default: LGD is an estimate of the loss arising on default. It is based on the difference between the contractual cash flows due and those that the lender would expect to receive, taking into account cash flows from collateral and integral credit enhancements.

1 Financial risk management

The Company's principal financial liabilities, comprise trade and other payables. The main purpose of these financial liabilities is to finance the company's operations and to provide guarantees to support its operations. The Company's principal financial assets include loans, trade and other receivables, and cash and short-term deposits that derive directly from its operations.

The Company's activities expose it to a variety of financial risks: credit risk, liquidity risk, equity price risk and interest rate risk. The Company's primary focus is to foresee the unpredictability of financial markets and seek to minimize potential adverse effects on its financial performance.

The Board of Directors reviews and agrees policies for managing each of these risks, which are summarised below:

2 Credit risk

Credit risk in the Company is managed through a framework that sets out policies and procedures covering the measurement and management of credit risk. There is a clear segregation of duties between transaction originators in the business function and approvers in the credit risk function. Board approved credit policies and procedures mitigate the Company's prime risk-default risk. There is a Credit Risk Management Committee in the Company for the review of the policies, process and products on an ongoing basis, with approval secured from the Board as and when required.

Significant increase in credit risk

The Company monitors all financial assets that are subject to impairment requirements to assess whether there has been a significant increase in credit risk since initial recognition. If there has been a significant increase in credit risk the Company measures the loss allowance based on lifetime rather than Stage 1 (12-month) Expected Credit Loss (ECL). Pending the adoption of scoring models to assess the change in credit status at an account level and at portfolio level, the Company has adopted SICR (Significant Increase in Credit risk) criteria based on Days Past Due (DPD). The following table lists the staging criteria used in the Company: Staging Criterion

Stage-1 : 0 – 30 days past due

Stage-2 : 31 – 89 days past due

Stage-3 : 90+ days past due

Stage 2 follows the rebuttable presumption of Ind AS 109, that credit risk has increased significantly since initial recognition no later than when contractual payments are more than 30 days past due.

Measurement of ECL

The key inputs used for measuring ECL are:

Probability of default (PD):

The PD is an estimate of the likelihood of default over a given time horizon (12 Month). It is estimated as at a point in time. To compute Expected Credit Loss (ECL) the portfolio is segregated into 3 stages viz. Stage 1, Stage 2 and Stage 3 on the basis of Days Past Dues. The Company uses 12 month PD for the stage 1 borrowers and lifetime PD for stage 2 and 3 to compute the ECL. The Company has used 0.03% PD for unsecured corporate loans

Loss given default (LGD):

LGD is an estimation of the loss arising on default. It is based on the difference between the contractual cash flows due and those that the lender would expect to receive, taking into account cash flows from eligible collateral. The Company has computed LGD for Microfinance loans using empirical data and for other portfolios it used FIRB (Foundation Internal Rating Based) guidelines and Loan Loss Provisioning paper as given by Reserve Company of India. LGD for unsecured corporate loans is considered as 65%

Exposure at default (EAD):

EAD is an estimate of the exposure at a future default date, taking into account expected changes in the exposure after the reporting date, including repayments of principal and interest, and expected drawdowns on committed facilities.

EAD is the total outstanding balance at the reporting date including principal and accrued interests at the reporting date

The Company measures ECL as the product of PD , LGD and EAD estimates for its Ind AS 109 specified financial obligations

3 Equity price risk

The Company has investments in listed securities and mutual funds and thereby exposed to equity price risk.

The Company limits its risk by generally investing in liquid securities and only with counterparties that have a good credit rating. The company does not expect any losses from non- performance by these counter-parties, and does not have any significant concentration of exposures to specific industry sectors.

4 Liquidity risk

Liquidity risk is the risk that the Company will not be able to meet its financial obligations as they become due. The Company manages liquidity risk by maintaining adequate reserves, Companying facilities and reserve borrowing facilities, by continuously monitoring forecast and actual short term and long term cash flows, and by matching the maturity profiles of financial assets and liabilities.

The Company's treasury department is responsible for liquidity, funding as well as settlement management. In addition, processes and policies related to such risks are overseen by senior management.

The working capital position of the Company is given below:

Particulars	As at March 31, 2023	As at March 31, 2022

Trade payables and other financial liabilities	As at March 31, 2023	20.27		
	As at March 31, 2022	14.89		

5 Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company is not exposed to any interest rate fluctuation since it does not have any borrowings

6 Capital management

The Company's policy is to maintain a strong capital base so as to maintain investor, creditor and market confidence and to sustain future development of the business. The Company monitors the return on capital. The Company's objective when managing capital is to maintain an optimal structure so as to maximize shareholder value.

The capital structure is as follows:
